

ACCES TO THE SERVICE BULLETIN AND SERVICE LETTERS

How to ask for the bulletin service?

In case that you wish to have access to complete pages including access to service bulletins, it is necessary to make request on the web pages: **Request for paid access**. Upon payment of an annual fee, the user will be given access **to the bulletin service and current technical documentation**. A user can make request for access to the paid section from his or her PROFILE. The duration of the access right is one year.

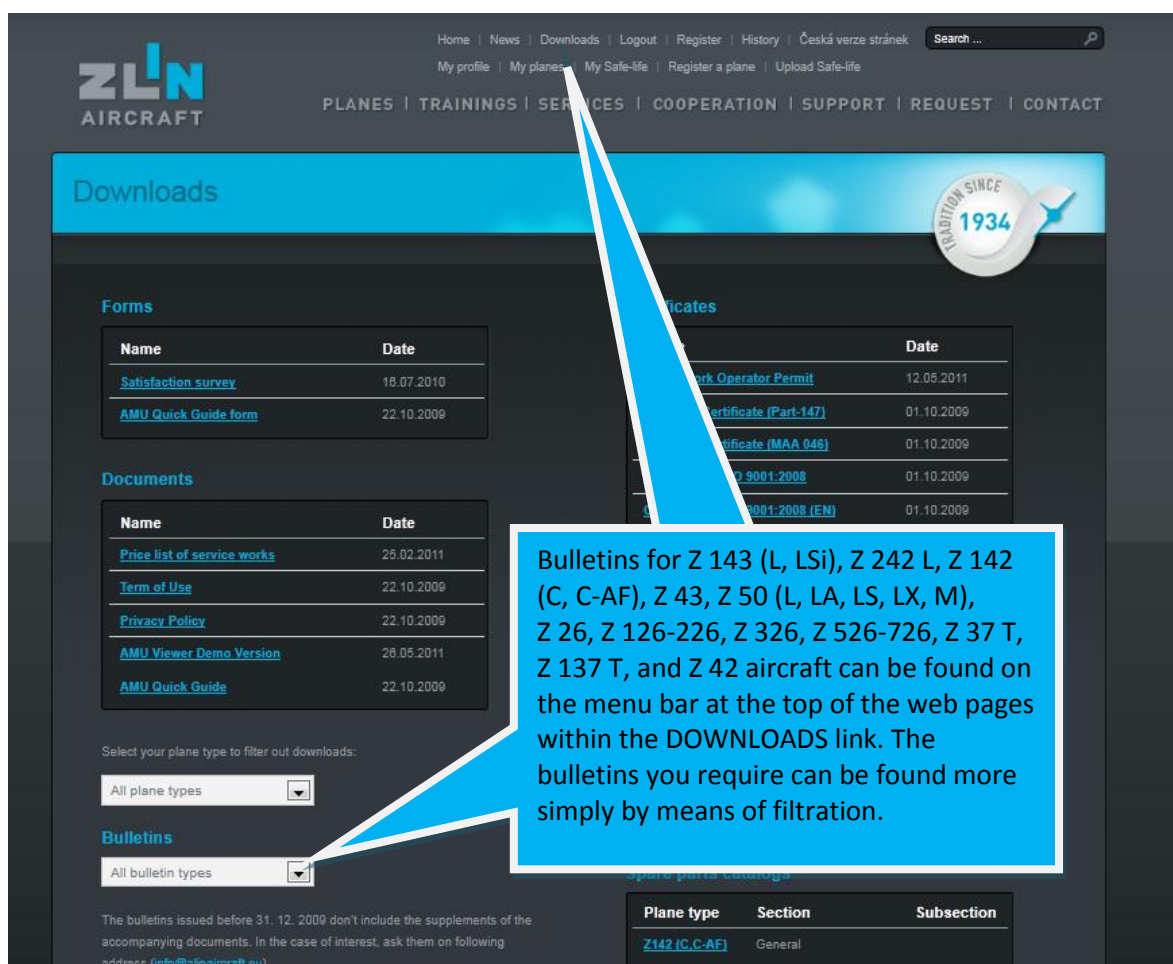

The screenshot shows the 'Profile' page of the ZLIN AIRCRAFT website. The page is divided into several sections: 'User's access', 'Password change', and 'Contact (delivery) information'. The 'User's access' section contains a 'Request full access' button. A blue callout box points to this button with the text: 'You can change the login data and add or change also other data in the PROFILE.' A grey callout box points to the same button with the text: 'To make request for PAID ACCESS, press the button.' The 'Contact (delivery) information' section is split into two columns for 'Personal entity **' and 'Legal person **', each with fields for Name, Surname, Degree, Address, Phone, E-mail, and Fax. The top of the page features the ZLIN AIRCRAFT logo, navigation links (Home, News, Downloads, Logout, Register, History, Česká verze stránek, My profile, My planes, My Safe-life, Register a plane, Upload Safe-life), a search bar, and a 'TRADITION SINCE 1934' badge.

Bulletin Service and Service Letters

Bulletins and technical documentation are available on our web pages www.zlinaircraft.eu in the electronic form only.

Filtration:
